DETAILED ACTION

1. It would be of great assistance to the Office if all incoming papers pertaining to a filed application carried the following items:

1. Application number (checked for accuracy, including series code and serial no.).
2. Group art unit number (copied from most recent Office communication).
3. Filing date.
4. Name of the examiner who prepared the most recent Office action.
5. Title of invention.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

3. Claim 8 is rejected under 35 U.S.C. 102(e) as being anticipated by Yoshizawa et al (5,712,876).

Yoshizawa discloses an indoor unit and an outdoor unit coupled by a single coaxial cable, for transmitting power, control and RF signals between the indoor and outdoor units through a single coaxial cable. (See abstract; col.1, lines 16-60 and fig.1 and 2)

Art Unit: 2631

Response to Arguments

4. Applicant's arguments filed 5/2/02 have been fully considered but they are not persuasive. Applicant's argument is directed to limitations which are not claimed in claim 8 as claimed now. Claim 8 does not claim dynamically changing the frequency center at a rate of at least 100 milliseconds; means for collecting status; time division duplex (TDD) and etc.(see claim 8 as claimed now)

Yoshizawa does disclose an indoor unit and an outdoor unit coupled by a single coaxial cable, for transmitting power, control and RF signals between the indoor and outdoor units through a single coaxial cable as claimed in claim 8. (See abstract; col.1, lines 16-60 and figs.1, 2)

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
